

## **GLOBAL's Equipment**

Global has an assortment of equipment designed for your specific needs. Global will assess your cleaning needs and recommend the equipment best suited for the job.

### **Maxi**

Voltage 208/480/575 V three phase

Power 15 Kw, 22,5 Kw, 30 Kw, 60 Kw

Dimensions 1390 x 900 x 1050, 1900 x 1100 x 1380,  
(55"x36"x44", 75"x44"x55")

Weight 235, 246, 257, 316 Kg  
(518, 542, 566, 697 lbs.)

Pressure 145 psi /10 bar

### **Suitable for the perfect cleaning and environmental sanitizing of:**

- Oil and Gas sector, wellheads, compressor station, facilities, rigs etc.
- Machine shops, parts, automotive, graffiti removal.
- Processing lines of medium and large sized food processing facilities.

### **Special 2**

Voltage 208/ 480 / 575V - 3 phase

Power 18Kw

Dimensions 1055x700x815  
(42"x28"x32")

Weight 165Kg (363 lbs.)

145 psi / 10 bar

### **Suitable for the perfect cleaning and environmental sanitizing of:**

- Oil and Gas sector, wellheads, compressor station, facilities, rigs etc.
- Machine shops, parts, automotive, graffiti removal.
- Processing lines of medium and large sized food processing facilities.

## Super

Voltage 208 / 480 / 575V - 3 phase

Power 9 Kw

Dimensions 820x500x900  
(32"x20"x36')

Weight 80Kg (176 lbs.)

Pressure 10 bar / 145 psi

### **Suitable for the perfect cleaning and environmental sanitizing of:**

- Oil and Gas sector, wellheads, compressor station, smaller facilities.
- Machine shops, parts, automotive, graffiti removal.
- Processing lines of small and medium sized food processing facilities.

## Junior T1

Voltage 240V / 575V

Power 6Kw

Dimensions 640x400x715  
(25"x17"x28")

Weight 56Kg (124 lbs.)

### **Suitable for the perfect cleaning and environmental sanitizing of:**

- Bakeries and confectioner's shops, delicatessen, rotisseries, restaurants, butcher's shops, pubs.
- Mechanical and electromechanical workshops.
- Kitchens, cafeterias, communal centers, hospitals, clinics, lavatories, hotels, offices.

**Where the power available is limited to 6Kw**

## Junior

Voltage 220V, single phase

Power 3Kw

Dimensions 640x400x715  
(25"x17"x28")

Weight 56Kg (123 lbs.)

Pressure 6 bar / 87 psi

### **Suitable for the perfect cleaning and environmental sanitizing of:**

- Bakeries and confectioner's shops, delicatessen, rotisseries, restaurants, butcher's shops, pubs.
- Mechanical and electromechanical workshops.
- Kitchens, cafeterias, communal centers, hospitals, clinics, lavatories, hotels, offices.
